Hig	hlights
Global	Risk assets were generally weaker as political uncertainty in Europe added into Trump's policy uncertainty. The yield spread between French and Germany widened to 4-year high although the centre-right candidate for the French Presidency Francois Fillon said he will continue to run for the Presidency. US Treasuries rallied on the back of safe haven flows. 10-year US Treasury yield broke below 2.4% this morning.
EZ	ECB President Mario Draghi reiterated that he is ready for more monetary stimulus if necessary and said withdrawal from quantitative easing is still premature. Euro fell on dovish comments as well as political uncertainty.
sn	Equities appeared in consolidative mood near record highs as investors reassessed Trump's policy direction. The S&P 500 led losses with a 0.21% decline, while the Dow and Nasdaq moved less than 0.1% in the negative direction. Of note is the consistent slide in consumer discretionary stocks, which have seen retreats in seven consecutive sessions. VIX ended at 11.37, up 3.6%. Meanwhile, US Treasuries rose on haven flows alongside EGBs on election risk in France and the Netherlands. Benchmark yields spiked 5-6 bps across the curve, with the 2- and 10-year notes trading at 1.15% and 2.41%.
SG	Singapore's next Presidential Elections will be held in September this year. The election is said to be reserved to Malay candidates. The STI rose 0.49% to 3,056.91, led by gains in property names including Global Logistic Properties (+4.6%), City Developments (+2.4%) and CapitaLand (+1.8%), while losses in Starhub (-6.7%) and Sembcorp Industries (-2.2%) limited the losses.
끙	European Trade Commissioner reiterated that they will continue to commit to open trade with China despite rising protectionism tone from US.
Commodities	The rally seen from signing of executive order to rollback the 2010 Dodd-Frank act in the crude oil market was effectively negated by fresh production cues by the US Energy Information Administration (EIA). The EIA commented that US oil production would continue to rise into 9.3 million barrels per day (bpd) in 2018, up from 8.9 million bpd in 2016. On top of that, investors would likely take increasing concerns over the constantly higher US oil rig count. WTI and Brent fell between 1.5% - 2.0% last night. Still, in our opinion, the view for US oil production to rise by 0.4 million bpd into the next year also suggests that the upside in US oil production is grossly miniscule compared to the production cut agreement of about 1.8 million bpd made late last year by both OPEC and major non-OPEC producing nations. We continue to eye on the rebalancing story into 2H17 to bring crude oil prices to our year-end outlook of \$65/bbl.

## **Bond Market Updates**

- Market Commentary: The SGD dollar swap curve bull-flattened yesterday, with swap rates trading 2-5bps lower across all tenors. In the broader dollar space, the spread on JACI IG Corporates rose 1bps to 197bps while the yield on JACI HY Corporates fell 3bps to 6.81%. 10y UST yield fell 6bps to 2.41% to the lowest in about two weeks, as investors stay cautious and await clarification on the timing and scope of promised pro-growth policies from Trump administration.
- New Issues: ReNew Power Ventures Pvt Ltd. priced a USD475mn 5NC3 bond at 6%, tightening from initial guidance of 6.375%. The expected issue ratings are 'NR/Ba3/B+'. PT Bukit Makmur Mandiri Utama priced a USD350mn 5NC3 at 8%, tightening from initial guidance of 8.375%. The expected issue ratings are 'NR/Ba3/BB-'. Shanghai Pudong Development Bank Co. Ltd. priced a USD500mn 3-year bond at CT3+107.5bps, tightening from initial guidance of CT3+135bps. The expected issue ratings are 'NR/Baa2/NR'. China Singyes Solar Technologies Holdings Ltd. scheduled investor roadshows on 7 February for potential USD bond issuance. Pakuwon Jati Tbk PT also scheduled investor roadshows from 6 February for potential USD bond issuance.
- Rating Changes: Moody's upgraded the issuer and senior unsecured ratings of SK Innovation Co. Ltd. (SKI) and SK Global Chemical Co. Ltd (SKG) to 'Baa1' from 'Baa2'. The outlook was changed to stable from positive. The rating action reflects Moody's expectation that SKI's improved financial profile will be maintained over the next 1-2 years due to lower debt and solid operating cash flow which should mitigate against potentially higher investments. The rating action on SKG reflects the rating action on SKI given SKG is fully owned by SKI. S&P affirmed Hanesbrands Inc.'s (Hanesbrands) 'BB' corporate credit rating and issue rating on each tranche of the company's unsecured debt obligations. In addition, S&P also affirmed the 'BBB-' issue ratings on Hanesbrands' first-lien facilities, and revised its outlook on Hanesbrands Inc. to stable from negative. The rating changes stem from S&P's forecast that Hanesbrands' financial leverage will strengthen to comfortably below 4x in 2017 following a temporary spike in debt in 2016.
