David Conner, CEO of OCBC Bank conveyed his satisfaction with the outcome, saying, "When we announced the Offer, we mentioned three objectives: to utilize some of our excess capital to increase our investment in GEH, to capture a larger share of the value arising from the continuing collaboration between OCBC and GEH and to provide an opportunity for the remaining shareholders of GEH to realize their investment for a cash consideration at a healthy premium over the market price. We are quite pleased with the results of the Offer in that we have achieved all of our objectives."
