[Resend?](#)

Submit

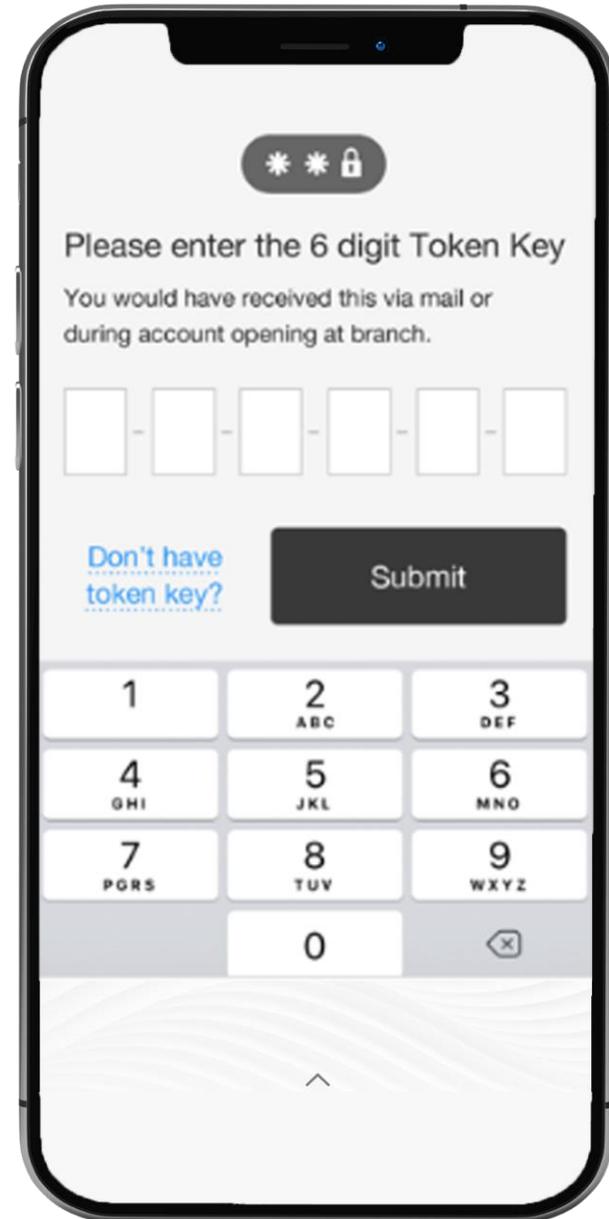

The screenshot shows a mobile application interface for OCBC OneToken. At the top, the title "OCBC OneToken" and a "Cancel" button are visible. Below the title, the user is prompted to "Enter your Activation PIN". A secondary instruction states: "If you do not receive your Activation PIN via SMS within the next few minutes, please click 'Resend'". To the right of this text is a small icon of a smartphone. Below the text is a row of six empty input boxes, each followed by a hyphen, for entering the six-digit PIN. Underneath the input boxes is a blue, underlined link labeled "Resend?". At the bottom of the screen is a large, grey "Submit" button.

**STEP 6:  
YOUR OCBC ONETOKEN IS NOW ACTIVATED.  
TAP ON "DONE"**

**NOTE: ONLY LOW RISK TRANSACTIONS CAN BE  
DONE. E.G. BILL PAYMENT, FUNDS TRANSFER  
TO EXISTING PAYEE. A TOKEN KEY LETTER HAS  
ALSO BEEN MAILED TO THE MAILING ADDRESS**

**STEP 7:  
ENTER 6-DIGIT TOKEN KEY.**

The image shows a smartphone screen with a white background. At the top, there is a dark grey rounded rectangle containing three icons: two asterisks and a padlock. Below this, the text reads "Please enter the 6 digit Token Key" and "You would have received this via mail or during account opening at branch." There are six empty input boxes arranged horizontally, separated by hyphens. Below the input boxes, there is a blue link that says "Don't have token key?" and a dark grey button labeled "Submit". At the bottom of the screen, there is a standard numeric keypad with numbers 1-9, 0, and a backspace key. A fingerprint sensor area is visible at the very bottom of the phone's frame.
